Knowing City Gates

Figure 1.0

Gates Christian Center's (CGCC) mission is to spread the Word of God and give hope to the broken. With the advancement of technology and the emergence of smartphones, the center came up to the idea of introducing an application that would reach out to more people. It provides important information about the church as well as updates of church's events in a portable and easy way.

I. Getting Started

When the City Gates application is launched, the user is presented with a Getting Started page. The user can see an image and a welcome message of the application as well as a short description regarding the City Gates.

Figure 2.0 shows the Getting Started page of City Gates Application. The user can tap the 'next' button located at the lower right side of the page and the application will navigate to the City Gates Homepage.

Figure 2.0

II. City Gates Homepage

Upon tapping the next button from the Getting Started page, the user is then presented with the City Gates Home page. It contains a list view that contains the following list items: About City Gates, Meet Our Pastors, Sunday Celebration, Our Cell Groups, Catalyst Movement, Discipleship, Events, Gallery and Contact Us.

Figure 3.0 shows the City Gates Homepage that displays a City Gates Christian Center header and below is the list view. Each of them contains an icon, text and a 'next' arrow icon. When the user taps a list item, the user will be directed to the page of the list item. The list view is scrollable to allow the user to view more list items. The user can tap the built-in previous button of his/her device to go to the previous page.

Figure 3.0

II. City Gates Homepage

Figure 4.0 shows the City Gates Homepage when the list view is being scrolled down. It displays more list items. The user can tap the built-in previous button of his/her device to go to the previous page.

III. About City Gates

The user will be directed to About City Gates page when he/she tapped the About City Gates list item from the City Gates Homepage. This page displays an image of the City Gates church and a short description about them below the image.

Figure 5.0 shows the About City Gates page. The user can tap the built-in previous button of his/her device to go to the previous page.

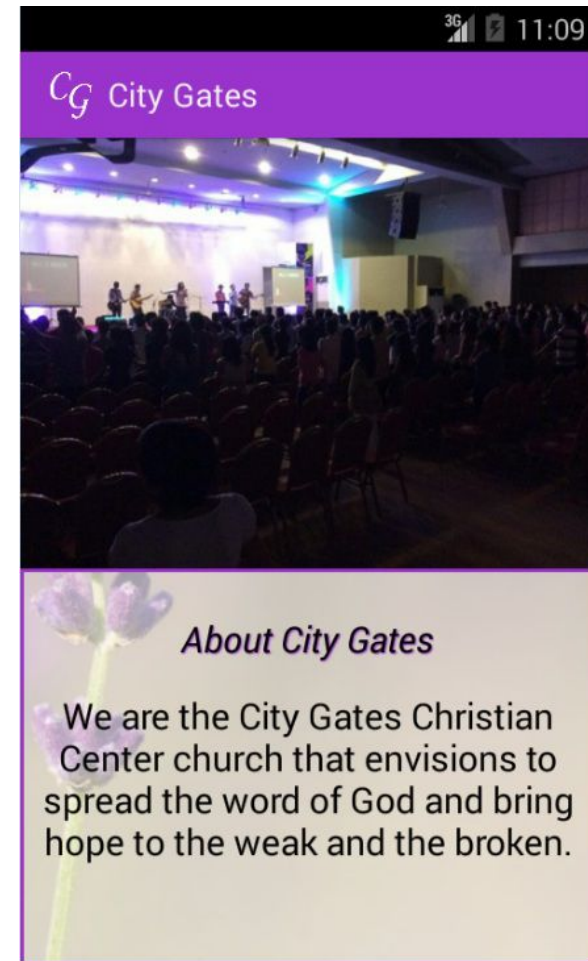

Figure 5.0

IV. Meet Our Pastors

Figure 6.0

The user will be directed to Meet Our Pastors page when he/she tapped the Meet Our Pastors list item from the City Gates Homepage. This page displays images of senior pastors of the City Gates church. A short description about the pastor is also displayed below each image.

Figure 6.0 shows the Meet Our Pastors page. The page is scrollable to allow user to view more information. The user can tap the built-in previous button of his/her device to go to the previous page.

Every pastor's profile has an email address and contact links that will open the email app chooser and dialer, respectively.

V. Sunday Celebration

The user will be directed to Sunday Celebration page when he/she tapped the Sunday Celebration list item from the City Gates Homepage. This page displays an image and a short description about the Sunday celebration of the City Gates church. The description states a bible verse, Sunday service schedules and an invitation message to the user.

Figure 7.0 shows the Sunday Celebration page. The user can tap the built-in previous button of his/her device to go to the previous page.

Figure 7.0

VI. Our Cell Groups

The user will be directed to Our Cell Groups page when he/she tapped the Our Cell Groups list item from the City Gates Homepage. This page displays a text header and a short description of cell groups of City Gates church. The description states a Bible verse, Sunday service schedules and an invitation message to the user.

Figure 8.0 shows the Cell Groups page. The page is scrollable to allow user to view more information. The user can tap the built-in previous button of his/her device to go to the previous page.

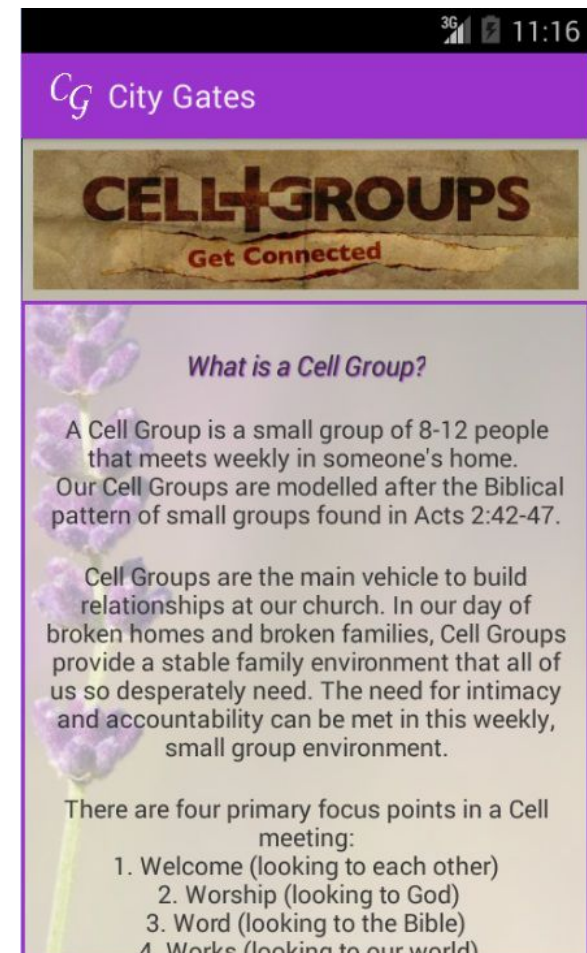

Figure 8.0

VII. Catalyst Movement

The user will be directed to Catalyst Movement page when he/she tapped the Catalyst Movement list item from the City Gates Homepage. This page displays an image and a short description of the Catalyst movement of City Gates church. The description also states Catalyst fellowships schedules.

Figure 9.0 shows the Catalyst Movement page. The page is scrollable to allow user to view more information. The user can tap the built-in previous button of his/her device to go to the previous page.

Figure 9.0

VIII. Discipleship

The user will be directed to Discipleship page when he/she tapped the Discipleship list item from the City Gates Homepage. This page displays an image and a short description of regarding discipleship. The description also states Catalyst fellowships schedules.

Figure 10.0 shows the Discipleship page. The page is scrollable to allow user to view more information. The user can tap the built-in previous button of his/her device to go to the previous page.

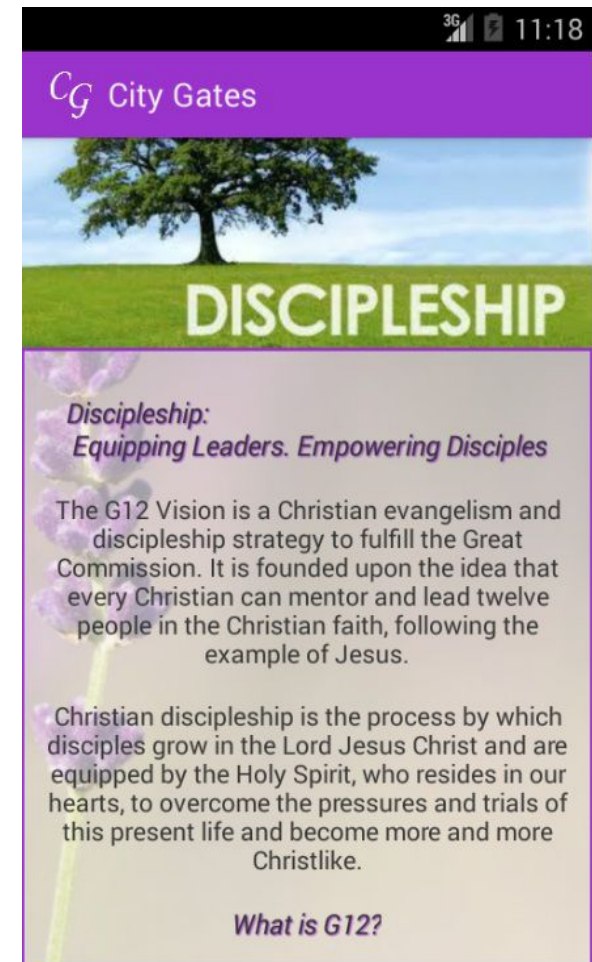

Figure 10.0

IX. Events

The user will be directed to Events page when he/she tapped the Event list item from the City Gates Homepage. This page displays the current year and a list view that contains list items of all months.

Figure 11.0 shows the Events page. The page is scrollable to allow user to view more months. When the user taps a list item of the desired month, the user will be directed to the page that contains events of that month. The user can tap the built-in previous button of his/her device to go to the previous page.

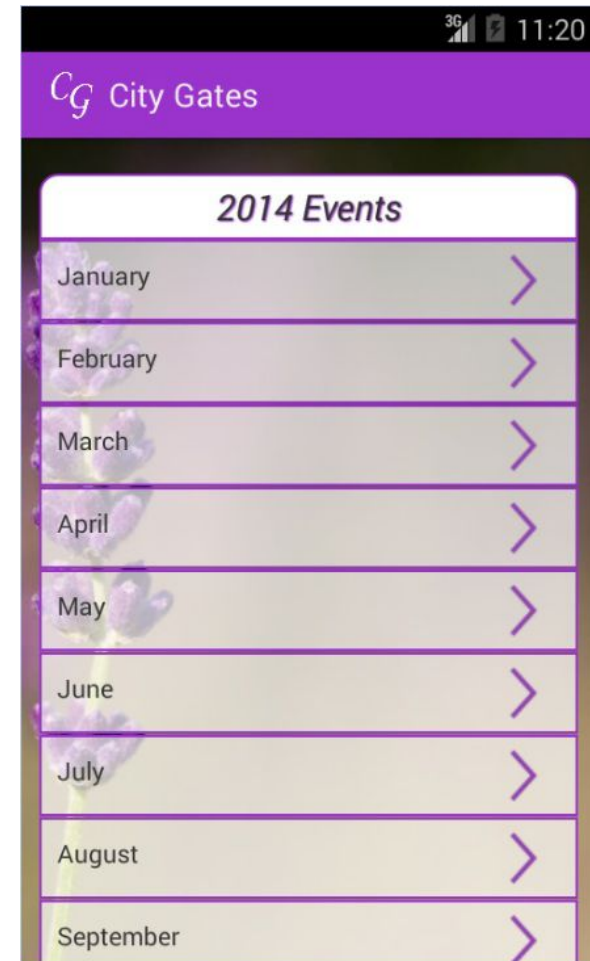

Figure 11.0

IX. Events

The user will be directed to the page that displays events of the selected month when he/she tapped a list item from the Events page's list view.

Figure 12.0 shows events of the selected month. The page is scrollable to allow user to view more events. The user can tap the built-in previous button of his/her device to go to the previous page.

Figure 12.0

X. Gallery

The user will be directed to Galery page when he/she tapped the Gallery list item from the City Gates Homepage. This page displays various images of City Gates church.

Figure 13.0 shows the Gallery page. Every time the user switches the gallery to next image, a notification of the image label appears. The user can tap the built-in previous button of his/her device to go to the previous page.

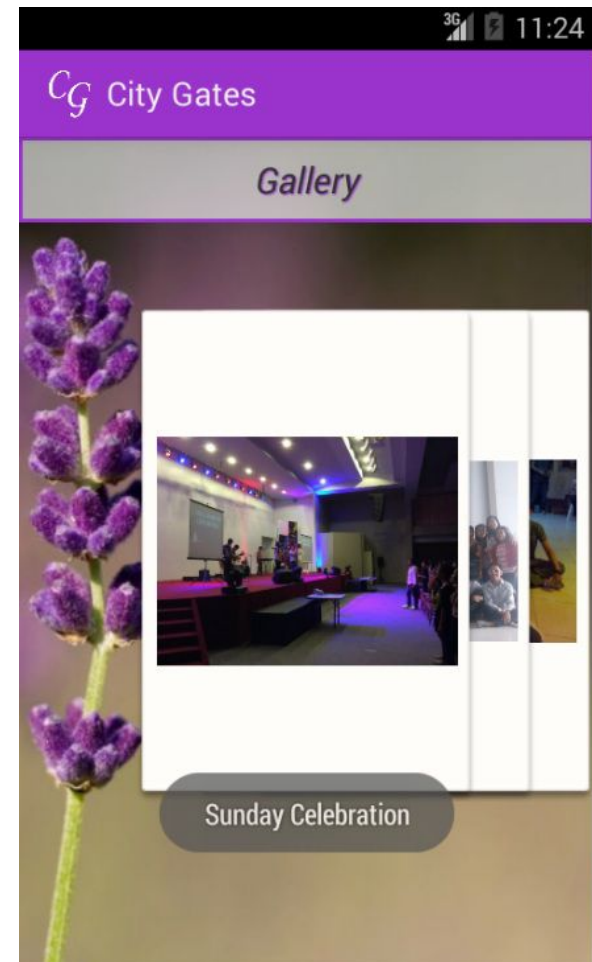

Figure 13.0

XI. Contact Us

The user will be directed to the Contact Us page when he/she tapped the Contact Us list item from the City Gates Homepage. This page displays a list view that contains list items of facebook and twitter links, contact number and the main address of the City Gates church.

Figure 14.0 shows the “Contact Us” page. All list items except for the contact number item is clickable to redirect user to their respective webpages. The user can tap the built-in “previous” button of his/her device to go to the previous page.

Figure 14.0

XII. City Gates Facebook Group Webpage

Upon tapping the Facebook list item from the Contact Us page, the mobile browser will be opened and will redirect to City Gates facebook group webpage if there is an internet connection.

Figure 15.0 shows the City Gates Facebook group webpage. The user can tap the built-in previous button of his/her device to go to the previous page.

Figure 15.0

XIII. City Gates Twitter Account Webpage

Upon tapping the Twitter list item from the Contact Us page, the mobile browser will be opened and will redirect to City Gates twitter account webpage if there is an internet connection.

Figure 16.0 shows the City Gates Twitter account webpage. The user can tap the built-in previous button of his/her device to go to the previous page.

Figure 16.0

XIV. City Gates Address: Google Maps

Upon tapping the Address list item from the Contact Us page, the mobile browser will be opened and will redirect to the main address of City Gates in Google maps webpage if there is an internet connection.

Figure 17.0 shows the City Gates' main address in google maps webpage. The user can tap the built-in previous button of his/her device to go to the previous page.

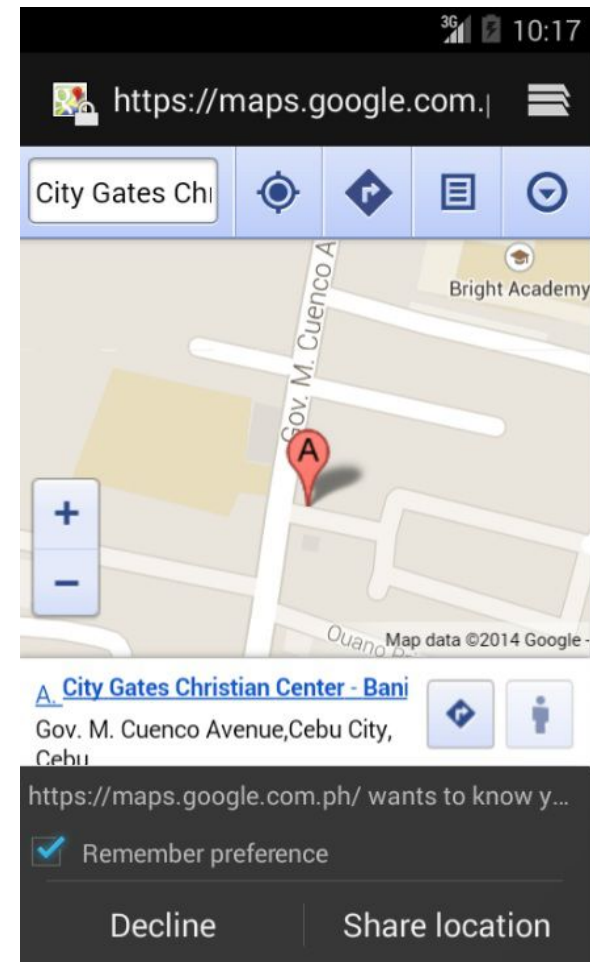

Figure 17.0
